

Exhibitor Profile:

Saudi Fastener & Machine Tool Expo provides the perfect platform for the industry to explore the latest trends on the fastener & tools market, new products, technologies and solutions in a conducive location.

1 Industrial Fasteners and Fixings

- Screws and Screwdrivers
- self-tapping/thread forming screws
- bolts
- socket head products
- nuts
- Pliers
- Wrench
- studs and threaded rod
- washers and pressed parts
- blind fasteners (rivets, rivet nuts, cage nuts)
- locking devices and seals
- pins and keys
- springs
- clamps and rings
- hot/cold forged fasteners and parts
- stainless steel fasteners
- non-ferrous fasteners (brass, titanium, aluminum, copper)
- plastic and nylon fasteners
- fastener assemblies and combinations
- self piercing/clinching fastener systems
- collated industrial fasteners
- security industrial fasteners
- knobs/handles/finger turn fasteners
- U-bolts, hook or eye products
- non-metric fasteners
- nails, staples and brads
- special/to drawing fasteners
- turned/machined parts
- adhesives and tapes
- other industrial fasteners and fixings

2 Construction Fixings

- concrete anchors, mechanical
- interior fixings
- light duty anchors and fixings
- concrete screws
- façade and insulation fixings
- chemical anchors and resins
- wall plugs
- drywall fixings and systems
- wood/chipboard/decking screws
- window screws/frame
- sanitary and plumbing fixings

- nails, pins and staples
- structural steel fasteners
- self drilling/tapping screws
- security fasteners for buildings
- stainless steel fixings
- threaded rods and suspension fixings
- roofing and solar installation fixings
- hardware/DIY pre-packs and assortments
- brackets and connectors
- other construction fasteners and fixings

3 Assembly and Installation Systems

- automated fastener/assembly systems
- presses and insertion tools/equipment
- feeding/discharging equipment
- riveting tools, equipment and systems
- drivers and screw insertion systems
- welding/soldering equipment
- bonding and adhesive systems
- assembly jigs and rigs
- hand tools
- clinching/self piercing systems
- nailing/stapling tools and systems
- collated fastener systems
- power tools
- other assembly tools and equipment

4 Fastener Manufacturing Technology

- fastener design and production simulation
- materials and semi-finished products
- material preparation and inspection
- forging/heading machinery
- CNC machining and turning equipment
- presses and stamping machinery
- other forming technologies
- thread forming, assembly and secondary operations
- tooling, dies and punches
- heat treatment
- materials/product handling and transfer
- maintenance and environmental control
- process control and data processing
- surface treatment, coatings and sealant systems
- inspection and quality control
- wire drawers/uncoilers

5 Storage, Distribution, Factory Equipment

- weighing/counting equipment and services
- packaging equipment, materials and services
- storage and materials handling
- computer systems and software
- logistics services
- other factory equipment

6 Machine Tools

- Cutting Tools
- Forming Tools
- Abrasive and Polishing Tools
- Hand Held Tools
- Tooling Systems
- Work holding
- Automation for Storage & Transport
- Components for Robotics & Automation
- Attachments, Accessories & Sub-systems
- Mechanical Elements and Components

- Hydraulic and Pneumatic Systems and Elements
- Electrical & Electronic Equipment
- Feeding Systems
- Testing Machines
- Measuring, Inspection & Quality Control
- Dies & Moulds
- Production Control & Networks
- Controls, Drives and Systems
- Software
- Services
- Waste Disposal Equipment
- Safety & Environment
- Lubrication & Coolant
- Welding Material & Accessories
- Raw Materials

7 Information, Communication and Services

- research/development
- technical/business consultants
- training and education
- associations
- publishers
